Forecast for Thursday 18 May 2023

Weather: Most ranges will have a dry day with bright spells and a lot of high level cloud. There may be a little drizzle in the north at first and a little rain edging across from the west during the evening.

Chance of cloud-free hill tops above 800m: 70%.

Low Cloud and visibility: Generally good visibility with occasional cloud cover about 700m with the main cloud canopy above the summits. Patches of poor visibility in any rain and drizzle.
